

## STREAM POWER 2T EXTRA

### Semi Synthetic 2-stroke Motorcycle Oil

#### Product Description:

STREAM POWER 2T EXTRA is a premium quality semi-synthetic lubricant especially developed for high powered air-cooled 2-stroke gasoline engines fitted with oil-injection or premix systems.

STREAM POWER 2T EXTRA is formulated from premium quality mineral and synthetic base stocks and high quality performance additives to provide exceptional engine protection and cleanliness in 2-stroke engines.

STREAM POWER 2T EXTRA offers excellent lubricity which protects against piston scuffing and premature wear of engine components. The low ash formulation effectively prevents pre-ignition and spark plug fouling. The excellent miscibility with gasoline ensures stable homogeneous, stable mixtures at low ambient temperatures.

STREAM POWER 2T EXTRA exceeds the latest international specifications of JASO FD, ISO-L-EGD and API TC as well as the requirements of leading 2-stroke engine manufacturers.

STREAM POWER 2T EXTRA is recommended for a wide range of high-powered 2-stroke motorcycles and scooters running ISO-L-EGD or JASO FD quality oils and is suitable for both oil injection and pre-mix lubrication systems.

Always follow manufacturers recommendations regarding the oil to fuel ratio.

<b>Specifications:</b>		
Exceeds: API TC, ISO-L-EGD, JASO FD		
<b>Property:</b>	<b>Test Method:</b>	<b>Typical Values:</b>
Kinematic Viscosity @ 40°C	ASTM D7042	46 mm <sup>2</sup> /s
Kinematic Viscosity @ 100°C	ASTM D7042	9.2 mm <sup>2</sup> /s
Viscosity Index	ASTM D2270	110
Density @ 15°C	ASTM D4052	883 kg/m <sup>3</sup>
Flash Point (COC)	ASTM D92	100°C
Pour Point	ASTM D97	-30°C
Total Base Number	ASTM D2896	1.2 mg KOH/g
Sulphated Ash	ASTM D874	0.25 wt%
